**Subject:** RE: ND CARES North Delta Community Area Residents for Environmental Stability

Hi Kathy,

Mt remarks were brief – I reminded the panel that Yolo County is working on its own NCCP (known as the Yolo Natural Heritage Program) that will provide for the needs of many of the upland species the other speaker mentioned (hawks, snakes, turtles, etc.) as well as being a vehicle for preserving Yolo County's agricultural heritage. I also mentioned that the BDCP website could be improved so that it's easier to find useful information.

Note: the Habitat JPA is submitting its own letter of comment. I will certainly reference all of the good comments the Clarksburg folks made.

Best,

Maria
